

**NOI &  
SPRINGSTEEN**  
*THE TIES THAT BIND*

**BORN to CRUISE**  
April  
**2025**  
21-25

*The first dedicated  
cruise for fans  
of Bruce Springsteen*

**[cruise.noiespringsteen.com](http://cruise.noiespringsteen.com)**

As we have said many times, **Noi&Springsteen** was the idea of a group of friends to create a place, in the real or virtual world, where we could meet, united by the same passion, faith, source of inspiration: Bruce Springsteen! The aim of **Noi&Springsteen** is to offer an enjoyable way to exploring fifty years of music and lyrics from the ageless New Jersey rocker. We have done it in many different ways. Meet-ups, music nights, events, concerts, the first Springsteen covers contest, a disco.

**And now the journey is even more real!**

We tried to imagine how amazing it would be to share out passion in a completely new way: with a holiday.

We are proud to present the **dedicated cruise for fans of Bruce Springsteen, “BORN TO CRUISE”, which will set sail on April 21 next year and call at Barcelona and Marseille before returning to Genoa on April 25. Join the party!**

## The Cabins

For your cruise aboard the MSC Fantasia, we have secured a range of cabin types. From interior cabins to exterior ones with balconies. Double, triple, and quadruple. We really have thought of everything! Anyone wanting a DUS cabin (double cabin, single use) can submit a special request.

## The ship MSC Fantasia

The MSC Fantasia is elegant and eco-friendly, balancing warmth and comfort with cutting-edge design. At its heart is a real stone piazza, complete with an espresso bar serving freshly baked pastries and authentic Italian gelato, making it the perfect place to take a break from shopping in the boutiques and duty-free shops

## Entertainment and Leisure

The many entertainment options onboard the MSC Fantasia include live music, the opulent Le Palme casino, the panoramic Liquid Disco and the futuristic L'Avanguardia theater, and for those with a taste for adventure there is the thrilling Formula 1 simulator and a 4D cinema. During your cruise, you will always have a vast array of entertainment options and activities to choose from throughout the day, evening and night, from Broadway-style shows in the elegant theater, to luxurious nights in the casino. Onboard the ship you can enjoy a series of events including concerts, round tables, meetings, and entertainment events all dedicated to Bruce Springsteen and his fans. The detailed program is still being prepared. Onboard the ship, a special GUEST will accompany fans of the Boss throughout the entire cruise.

## Fitness and Relaxation

There are numerous sports facilities aboard the vessel for tennis, basketball, minigolf, as well as a jogging track, a gym, and a stylish pool complex. The Top 18 solarium and the MSC Aurea Spa are ideal for relaxing and pampering yourself. In addition, there are dedicated areas for children and teenagers.

## Food & Drinks

The restaurants offer a unique and unforgettable dining experience, from the outstanding Cerchio d'Oro and the intimate Red Velvet with its candelabras and Murano glass, to the Butcher's Cut and its cocktails, not forgetting L'Etoile, the restaurant for our MSC Yacht Club guests. You can enjoy the city vibe of our themed lounge bars, which include a piano bar, a jazz bar, and a sports bar with video games and screenings of live events. In addition, MSC Yacht Club guests can enjoy the panoramic views from the Top Sail Lounge. For the cruise, we have reserved a special area in the main restaurant.
