Check-in and boarding close two hours before the ship's departure. We recommend checking in no later than 3:30 p.m. The ship's departure and arrival times listed on the ticket or in the MSC for ME app are approximate and may differ from those listed, so it is critical to respect your check-in slot.

Before arriving at the port, make sure all the personal information on your ticket is correct. Before boarding, you will need to show your boarding passes (paper or digital version) or personal QR code.

Don't forget/leave your and your companions' IDs and visas (if required) in your checked luggage. You are required to show your ID and visa (if required) at check-in.

We recommend completing web check-in on our website or via the MSC for Me app (if available) to receive your electronic ticket (QR code) for easier boarding.

## METHODS OF PAYMENT

Thanks to the Cruise Card and the MSC for ME wristband, you can pay cashless. We recommend registering your credit card before departure via the MSC for Me app or web check-in. If you have difficulty, Activation Points are available on board to register credit, debit, or pre-paid cards.

Make sure your credit or debit card is enabled for use abroad and don't forget your PIN code. The ship will travel in international waters, and payments will be processed in Europe, so fees may be charged by one's bank. We also recommend checking that your card is enabled for use in Europe and all countries visited during the cruise.

Alternatively, a cash deposit can be left at the Front Desk - Customer Service.

### Traveling with minors?

Parents and guardians are responsible for all expenses and purchases made by minors with whom they travel. Once on board, a limit can be set on the minors' account to avoid excessive spending. If you choose not to set a limit, all purchases made on board will be considered authorized.

**LIFE JACKETS:** In case of emergency, life jackets will be provided at the assigned Assembly Station (meeting point).

**CHILDREN AGED 0 TO 12:** If you are traveling with infants or children under the age of 12, you will receive a life jacket and ID bracelet for each child upon boarding. The bracelet must be worn throughout the entire cruise. In the unlikely event that an emergency occurs while your children are participating in Kids Club activities, our staff will escort them to the pick-up point, wait for you to arrive, and proceed to your Assembly Station.

**FIRE EMERGENCY SIGNAL ON BOARD: TWO LONG WHISTLES:** To avoid the risk of fire, it is strictly forbidden to smoke in the cabin and on cabin balconies and throw lit cigarettes, cigars, or matches overboard. If you are a smoker, we recommend that you use ashtrays in the designated smoking areas. If you notice a fire, raise the alarm immediately by activating one of the manual fire alarms, alerting the Bridge Officers or a crew member. In case of fire, the fire doors, located at different points on the ship, will automatically close. Should the corridors be invaded by smoke, crawl along the escape route marked by the light guide on the walls of corridors and stairways. Do not use elevators in emergencies.

**EMERGENCY SIGNAL: SEVEN SHORT WHISTLES FOLLOWED BY A LONG ONE:** If you hear this signal, whether the ship is at sea or in port, quickly go to your cabin, gather protective clothing, headgear, comfortable footwear, and any medications you may need, then go to your Assembly Station. Do not use the elevator. In the event of a blackout, you could be stranded. Once you reach your Assembly Station, remain silent as much as possible to listen to instructions broadcast over the speaker system or given by the Officers present. If you have physical problems or need help getting to the Meeting Point, let the Reception-Guest Service know and they will provide assistance.

**SIGNAL OF MAN OVERBOARD: 3 LONG WHISTLES:** If you see a person fall overboard or someone in the water, throw a life jacket immediately. Life jackets are available at several locations on the outer decks. Do not look away from the person in the water and shout out loud “Man overboard,” specifying the right or left side of the ship (relative to the direction of travel). Continue to do so until a Bridge Officer or crew member has heard and initiated rescue operations.
